Relate your goals to the overall EFG strategy (https://eurogeologists.eu/strategy/)</p> <p>c. Structure and organisation of your association</p> <p>d. Interaction with other organisations and projects</p> <p>e. Chief accomplishments 2022 and plans for 2023</p>	

Overall PAMAV objectives

- To provide education and training in reporting and valuation of mineral resources and mineral reserves as well as man-made mineral deposits.
- To integrate and activate the environment of Competent Geologists and Mineral Assets Valuers.
- To develop competencies and professional knowledge of Competent Geologists and Mineral Asset Valuers.
- To promote the Code of Ethics for Competent Geologists and Mineral Asset Valuers, and to ensure their observance of ethical principles.
- To represent the interests of the professionals to public, local and economic authorities as well as to non-governmental organisations.

Relation of PAMAV goals to the overall EFG strategy - common areas of activity

- Education and training in reporting of mineral resources
- Development of competencies and professional knowledge of Competent Geologists and promotion of ethical principles of Competent Geologists
- Representation of the interests of the professional environment to public, local and economic authorities as well as to non-governmental organisations
- Involvement in joint realization and implementation of European projects

Structure and organisation of your association

Governing bodies of PAMAV are:

- 1) General Assembly;
- 2) Board of Directors;
- 3) Ethics Commission;
- 4) Auditing Commission;
- 5) Examination Commission

There are two sections within the Association:

- 1) Mineral Resource and Reserve Reporting Section, composed of Competent Geologists.
- 2) Mineral Asset Valuation Section, composed of Mineral Asset Valuers.

Interaction with other organisations and projects

- Cooperation with Polish Federation of Real-Estate Valuers and professional organizations supporting courts
- Cooperation with Polish Association of Mining Geologists
- Participation in EU programs as EFG LTP

Chief accomplishments 2022 and plans for 2023

Main activities in 2022:

- Building PAMAV awareness amongst professionals via webinars
- Dissemination of the POLVAL Mineral Resources Valuation Code, ed. 2021
- Participation in EU programs as EFG LTP

Plans for 2023:

- running a series of mini-conferences on POLVAL 2021
- strengthening cooperation with geologist associations in Poland
- Participation in EU programs as EFG LTP
